HONG KONG (Mar, 29, 2019) – Norwegian Cruise Line, the innovator in cruise travel, released photos of the completed refurbishments of Norwegian Sky as part of [the Norwegian Edge®](#) program, reaffirming the company's commitment to elevating the standard of excellence across the fleet.

Following a three-week dry dock in Freeport, Bahamas, Norwegian Sky recently returned to her homeport of Miami showcasing new venues, updated spaces and completely redesigned staterooms and corridors, elevating the experience for guests looking for shorter vacation getaways.

“Last year was an exciting year with the record-breaking launch of Norwegian Bliss, the announcement of Norwegian Joy's redeployment to the U.S. and the unveiling of four ships which benefited from our comprehensive Norwegian Edge® bow-to-stern refurbishment program,” said Andy Stuart, president and chief executive officer of Norwegian Cruise Line. “We are continuing the momentum and starting 2019 with the reintroduction of Norwegian Sky. She returned home to Miami unveiling new designs and experiences that showcase our dedication to providing guests with meaningful experiences across our fleet.”

All food and beverage outlets were updated, and eight new venues were introduced to Norwegian Sky. These include the pub-style eatery The Local Bar & Grill; La Cucina for classic Italian fare; Sugarcane Mojito Bar; Topsiders, the poolside bar; late night venues, Bliss Ultra Lounge and Spinnaker Lounge; a full-service Starbucks® licensed store; and new to the Norwegian fleet - Pinnacle Lounge and Sushi Bar, which provides guests with a relaxed yet elevated atmosphere to enjoy original and traditional sushi concepts while taking in the endless views of the ocean through floor-to-ceiling windows.
